The Mechanical Engineering Department will host a forum sponsored by the Westinghouse Electric Company which will be broadcast live on the Andy Thomas Show on ESPN 1230 AM radio on Wed., Feb. 23 from 3:00-5:30 PM. A panel of college and high school teens will discuss nuclear energy with faculty and industry leaders. The panel will discuss current events and careers in Nuclear Engineering, and will highlight the Nuclear Engineering Program at the University of South Carolina.

Tune in online and listen to the discussion! [http://www.teenforumshow.com/](http://www.teenforumshow.com/)
